By a recent redistribution of school monies, district number one comes in for nearly \$1000 more than it had on the first destribution.

CHIEF JUSTICE WRIGHT is reported to have refused an annual pass over the Atlantic & Pacific road. We fear the Judges education as a democrat has been somewhat neglected.

thirds of them would be in heaven before sundown," THE cold water cure is not popular in Texas. It was confined by at least 100,-000 majority. Prohibition was Senator Reagan's pet scheme. Will be ever

"amile" again?

It is estimated that the amount of chloriding now being done will be more than trebled within the next three months. With an abundance of water to be had in the mountains and a ready market for their ores at the sampler the inducements for miners to go to work and develop their claims are unusually good.

THE loss of life by the railroad disaster is appalling. In this day of devices es and precautions taken to insure safe ty on the rail it is barely possible to be lieve that such an accident could occur. But the death roll has been called some and one has blundered. Let us true that the guilty one will be criminally prosecuted, whatever be his position on

THE new code bristles with errors and imperfections. It is universally regard ed as a cheap John job dear at \$4 per volume, but the Legislative Journalsurpasseth all understandings. Dirty type, badly printed, with side margin half an meh out of line and a bindi that would do no credit to an ode mason are the characteristic feature the work. Honest John must blearned some exceedingly bad tri while in St. Louis looking after to

Tager is now no longer any question about the building of the Mineral Belt railroad. The work is being actively and systematically pushed ahead and before snow flies in 1888 they will undoubtedly be in Globe, Here of course they cannot afford to stop but will push on either in the direction of Tucson and reach Mexico by way of Calabasas, or towards Benson. When the proper time comes the people of Tueson must leave no possible stone unturned to influence them in this direction. For a north and south railroad via Globe, they are our only hope.

Cel. Groom and His Burro. Col. Bob Groom, the old pioneer, o mossback," is chock full of good stories. A favorable circumstance this merning led the the colonel to relate to the refriends, the wire-pullers, on street porter the first, last and only time he was ever caught on a burro. Col. Groom, with Tom Hodge, than whom a oetter known pioneer cannot be men tioned, and Tom Brooks, who is now in Georgia, was attacked by Indians while ington with his tongue in his cheek riding through a dell. Bob was riding a burro, while his companions were petter mounted, and managed to reach quite rapidly an adjacent billside from which copy of vantage they were amply able to protect themselves. Bob's stead was a little slow, however, and even i he had been riding old Tenbrock he quarters. Higgins has been talking too would doubtless have thought so From him that if he remained where he was he would be killed. The yells of the Indians corvinced Bob of the correct ness of this opinion, but the more by kicked the burro, the slower the bear wed. Still the cries of Hodge at ir oks went out, "You d-n fool, yo-

til be kitled down there." At the iot Gr om having fully exhausted b trence, had to respond, and he did + conteally: "Do I look like a bloody neker who is trying to throw the game ff?" It is not told whether this obser estion made the Indians take to their neels, but Col. Groom is still hale and hearty in this land of the living .- Ari-

MYSTERY OF RED HAIR.

THE CONCLUSIVE DEMONSTRATION MADE BY AN ARTIST.

No Such a Thing as Real Red Hair-The Sunset Headed Malden Is Never Stupid. was the F ret Capital Prize, it went to Glowing Locks on the Stage-In Lit- No. 11,607 (out in tenths at \$1 each;

"Red hair! There's no such thing!" Locke of Medition, Wiele, exclaimed a young and well known artist through First Nat'l Bank of Marquette who has passed many days in sunny Mich; one to Henry Downs at Swift Italy the other afternoon as he prom- water Plantation near Greenville, Mag. enaded up Fifth avenue with an equally through Bank of Greenville, Miss., one well known swell. They had just come to John Murphy, Glendary Tenn from lunching at Delmonico's at the through First Nat'l Park of swell's expense, and the latter had just tannogs, Town, one to the me R barn remarked, after the manner of his kind: 179 Forseth Street, New York, one to J "By Jove, just look at that wed headed P. Coleman, Patersburg, Va., farman girl crowssing ovah heah; she gives me a City Bank of Richmond. mstroke, dontcher know." "Why don't people call colors by their

proper names?" went on the exasperated artist as they passed the Brunswick. "But, my deah fellah, dontcher know what Mawy Anderson says, 'A wose by Capital Prize of \$50,000 (also sold a any other name would smell as sweet," and if wed hair isn't wed, why, it looks tenths at \$1 ench); One to John L wed all the same," and as this logic seemed irrefutable there was silence until the two men disappeared within the portals of the Knickerbocker club.

The reporter, who had overheard this conversation, determined to unsolve the mystery of red hair, and at dusk sought the artist in his studio to find out what color red hair was. The artist was looking picturesque and kind, and was pleased mix on his palette three different shades of red, three of yellow and three Californian Bank of San Francisco, Cal. of brown.

TWO OR THREE COLORS MIXED. "Now," said he, with the air of the colege professor who pauses to catch the class with some startling question, "point me out the color that is like red hair." The reporter couldn't do it. He hovered City, about the orange color as the small boy

around the circus tent, but could not the sickly looking browns, but the reds he probably. Any information can be had skipped entirely. Give it up. "Thought you would." said the artist. condescendingly. "What people call red hair is a mixture of two or three colors, according to the shade of red. Now, look

and mix it with that red, what do I get? Why, exactly the color of hair the girl had today." "I told you so," said the artist, "and don't let any one ever convince you that ! there is such a thing as real red hair, were present. He was hardly able a Call it red if you choose, but don't think of speak, owing to emotion. When he said it as the same color as a train lantern or a coaching parasol, because you will be way off. Adelaide Neilson had red hair, you know, one of the most beautiful tints, and Willie Winter spoke of it as 'the burnish

ed gold that floated around her royal

here. If I dab my finger in this yellow

head,' so if you choose to take that term you will be nearer the truth." It is said by those who ought to know, had been found were left out in the call and no one has contradicted the statement, that a red haired girl is never a stupid girl. She is always quick of speech and quick of action. Red hair bring with it a quick intelligence and general great sensibility. When it comes with blue eyes and brown brows and lashes the owner is of a sentimental turn of mind and usually very musical; with brown eves and dark lashes the red headed girl is erally an ivory white-her love of exercise, and is very frequently endowed with great dramatic ability.

Red hair always goes with a strong, emonal nature, and the red haired girl black and vellow haired sisters sit scient. she is a creature quick to anger, easy to on, but sharper than a two edged sword and as bitter as early gooseberries when he doesn't-

"Who are our red headed girls and Those on the stage are well known. Mrs James Brown Potter is perhaps fac must interesting - Her finir is considered her greatest beauty. It isn't the 'reddish'' red hair, but it looks like bronze touched with a tint of golden flame here and there. Mary Anderson, who has light brown hair, by the way, raves over Mrs. Potter's hair and wishes hers was like it.

Kate Claxton has what is called real red hair-the bricky, carroty, dark red tint-but it is not a bit unbecoming. so soft and silken, so plentiful and curis a loose ringlets, and then it has been such a salvation to her, so she says, for when fire meets fire they run apert, and she owes her miraculous escapes from burning

hotels to her ruddy hair. In the literary world red hair is in tensely admired. Emerson loved it, James Whitcomb Riley has written many poems on it and in one calls it "nut brown heir Rosetti's wife, who died when very young, had hair of a yellow red, long and curling. friends who had wished for his fame had found that the beautiful red hair had grown and twined isself all about the

menuscript. In our literary world of to-day there are any women with red hair. In the social world there are many red eaded girls and women who are both

belles and beauties. Among the great army of girls who earn their living in the large dry goods stores there are many with red hair which society belies would give a great deal of money to possess. A lady artist gives a few hints as to

what colors red headed people should "Those who have hair verging on brown coming to pale golden red hair and a very fair complexion; green of all shades to all shades of red hair; blue likewise; yellow to be avoided except by those with auburn hair: black especially becoming; also lav-
